PARTNER-TO-PARTNER READ

Exit is not an event — it is a posture. Every decision we take today is either building exit-ready substrate or burning it. Four paths remain open: fund conversion (the highest valuation), AFSL platform licensing (the most flexible), strategic sale (the fastest), and holdco IPO (the loudest). Phase 1 preserves all four. Phase 2 narrows. Phase 3 commits.

Strategic Acquirer Map · 18 mapped counterparts

Tier 1 (5) · Tier 2 (8) · Tier 3 (5)

Tier 1 · Natural Acquirers (immediate strategic fit)

Macquarie Asset Management T1
APAC INFRA · AUM A$600B+
Natural infra acquirer. Already dominant APAC. Our ET + DI + minerals coverage slots into their capability map. Acquisition precedent: regularly buys boutique advisors.

Houlihan Lokey (APAC) T1
M&A / PRIVATE CREDIT · GLOBAL
Houlihan has aggressively expanded APAC private credit. ACP fills a Sydney-Singapore coverage gap. Partner-model compatible with their boutique culture.

Jefferies (Private Capital) T1
PLACEMENT / M&A · GLOBAL
Private capital advisory arm is strategic priority. APAC footprint under-built. Our LP base in APAC would be additive. Typical deal: 60/40 upfront/earnout.

MA Financial Group T1
ASX · LISTED · AUD A$9B
Listed alternatives platform. History of boutique tuck-ins. Our verticals (ET, DI, PC) align to their existing mandates. ASX paper acceptable to JT as partial consideration.

Perpetual Private T1
ASX · LISTED · ADVISORY
Post-divestment reshape has created capability gap in alternatives advisory. Strong AFSL platform. Structural fit for license-and-operate model.

Tier 2 · Adjacent Acquirers (strategic stretch)

Lazard APAC T2
Private capital advisory expansion; brand-heavy vs our commercial depth.

Campbell Lutyens APAC T2
Pure placement boutique; natural for Fund I acceleration.

Evercore APAC T2
M&A heavyweight; private capital desk building.

Pinnacle Investment Mgmt T2
Multi-affiliate platform; would prefer minority not majority.

Regal Partners T2
ASX listed alts platform; growth via tuck-ins; private credit focus.

Moelis Australia T2
Restructuring / special situations; complement to ACP credit coverage.

Greenhill APAC T2
Boutique M&A; limited private capital; needs build.

PJT Park Hill T2
Global placement giant; under-represented APAC; premium pay.

Tier 3 · Optional Acquirers (opportunistic)

K2 Advisors T3
Multi-strat FoF; minority stake likely preferred structure.

Magellan Financial T3
ASX-listed; rebuild narrative; alternatives underweight.

Global Infrastructure Partners T3
BlackRock-owned; infra-only; vertical-specific acquisition.

KKR (APAC Credit) T3
Private credit growth engine; acquirer of managers on vertical fit.

Blue Owl Capital (GP Stakes) T3
Passive minority GP-stake acquirer; relevant post-Fund I.
